

Today's Live News of the Sunshine State

RALEY SEES NEW INTEREST IN CHILD HERE

State Sunday School Superintendent Thinks New Movement at Hand in Religious Training of Young.

The general secretary of the State Sunday School Association, Rev. Edward Dunegan Raley, made his monthly visit to Albuquerque yesterday.

Mr. Raley is quite sure the interest in Bible school work is in a healthy condition. Never has there been such eagerness to know how and to get hold of ideas that help along in making more efficient teaching, he says. In all of the cities and towns visited so far this year there are either classes formed for teacher training or some of the teachers are reading the latest books on teacher training.

"The church is at last facing the fact that childhood is the time of opportunity in teaching and in shaping the life for the future along religious lines," said Mr. Raley.

"The pastors are placing first things first. They are putting the emphasis in the right place. They are more willing to preach and work for the child as well as the adult."

During the month of November Mr. Raley has held conventions in Loma, Quay, Chaves, Otero and Dona Ana counties. He has traveled 3,800 miles and made forty-eight addresses to 2,000 people, besides conducting many conferences in the institutes held. He has given out 2,000 pieces of free literature, written sixty letters, made sixty personal calls, reorganized these counties visited, helped to organize three classes and three teacher training classes.

Those interested in better Bible or Sunday schools will keep in mind the fact that this interdenominational work is not primarily missionary work but the intensive and educational end of the field. The aim is to open up with all Sunday schools of all denominations and help them to become better schools. It is to help the schools and their officers to take stock and find out the weak spots in the system. When this is done, we are ready to remedy, revise and construct on a new foundation. This is being done in all of the schools visited by Mr. Raley and this work will be continued until all of the schools in the state are helped to become worth while to the community as it is possible to make them.

Mr. Raley will be in the Pecos valley until Christmas holding conventions.

Educators Will PAY A VISIT TO TAOS COUNTY

Santa Fe, N. M., Nov. 30.—It is announced here that President David R. Boyd of the State University, State Superintendent of Education Alvan N. White, Assistant Superintendent Filadelfo Baca and R. F. Asplund will visit Taos county schools on December 8th to inspect the schools and discuss educational needs of the county. Jose Montanez, the county school superintendent, owns two newspapers which have been more or less antagonistic to the public school management and to the higher educational institutions of the state. It is understood an effort will be made to find out the reasons for Montanez's departure from the ranks of active school supporters since until recently he had been considered one of the most progressive county superintendents in the state.

CALL FOR BIDS.
New Mexico State Penitentiary, Santa Fe, N. M.

For supplies to be furnished to the New Mexico State Penitentiary at Santa Fe, N. M., for six months ending May 20th, 1916.

Supplies consist of Groceries, Meats, Drygoods, Leather and Grain.

Bids will be opened at 9 a. m. Monday, December 6th, 1915.

JOHN H. MCMANUS,
Superintendent.

Santa Fe, N. M., November 29th, 1915.

A Fine Aid For Mother-to-be

We are all greatly indebted to those who tell their experiences. And among

the many things which we read about and are of immediate importance to the expectant mother is a splendid external ointment called "Mother's Friend." This is applied over the muscles of the stomach. It is deeply interesting in its influence. Mother everywhere tell of its soothing effect, how it eases pains incident to pregnancy, and cords, ligaments and muscles.
